Front cover model shown is new Touareg SEL with optional 21" 'Suzuka' Dark Graphite diamond-turned alloy wheels, air suspension with rear axle steering, 'IQ. Light' LED matrix headlights, headlight washers, rear tinted glass and metallic paint.

Models shown are new Touareg SEL with optional 21" 'Suzuka' Dark Graphite diamond-turned alloy wheels, air suspension with rear axle steering, 'IQ. Light' LED matrix headlights, headlight washers and metallic paint and new Touareg SEL with optional 21" 'Suzuka' Dark Graphite diamond-turned alloy wheels, air suspension with rear axle steering, 'IQ. Light' LED matrix headlights, headlight washers and ultra metallic paint.

# Built to break new ground: the new Touareg.

The new Touareg breathes fresh air into the premium SUV class with impressive new proportions, pioneering new technology and the widest range of assistance, handling and comfort systems ever integrated within a Volkswagen. A sporty elegant diffuser, dynamic LED rear tail lights and chrome trapezoid tailpipes create an athletic new look, underlined by striking 19 or 20 inch alloys depending on your chosen model. To the front, a wide assertive chrome grille extends into the headlights to create an even more dynamic appearance. Add to that an impressive specification, quality craftsmanship and the technologically advanced InnoVision Cockpit that offers new levels of functionality and customisation – not to mention the ground-breaking optional 'Off-road' pack and you can see why the new Touareg is raising the bar once again.

'IQ. Light' LED matrix headlights with intelligent light modes and Dynamic Light Assist provide greater illumination without dazzling other road users, whilst blending seamlessly into the wide front grille to give an unmistakable look. Model shown features optional headlight washers and metallic paint. Optional on all models.

# Visionary, innovative, creative. The futuristic Innovision Cockpit.

A pioneering first for Volkswagen, the new Touareg R-Line Tech is the only SUV in its class to be equipped with the Discover Premium, 15 inch touch-screen infotainment system. Merging seamlessly into the 12 inch Digital Cockpit, it removes almost all protruding buttons, knobs and dials, enabling you to control the functions and systems of your car simply and easily by touch, gesture or voice. You can customise the home screen with your favourite apps and photos just like a smartphone and manage all operating systems from the central interface, making travel safer, more convenient and more intuitive than ever before. Equipped with the connectivity of a new era, the new Touareg provides the blueprint for tomorrow's digital interior – today. The Innovision Cockpit is a glass digital instrument and infotainment display comprising the Digital Cockpit and Discover Premium touch-screen infotainment system that creates a seamless, uncluttered and visually stunning dashboard. Standard on R-Line Tech and optional on SEL and R-Line models.

# Designed to turn heads, from every angle.

There's no mistaking the new Touareg's clean contours, dynamic proportions and assertive confidence. Incisive bodylines and a longer bonnet create a strong silhouette, while sculpted shoulders and broad LED tail light clusters create a distinctive rear design, punctuated by chrome trapezoid tailpipes left and right set in the sporty elegant diffuser. Wider and longer than its predecessor, the new Touareg offers significantly more luggage capacity and interior space, yet despite its new dimensions, has a lighter body thanks to its construction of aluminium and high-tech steels. Perfect aesthetics combine with an athletic body to create an SUV with real road presence.

# Technologically advanced comfort for a more relaxed drive.

The exterior may be sporty and dynamic, but inside all is calm and relaxed, thanks to a combination of spacious design, exacting craftsmanship and technologically advanced comfort. Take for example the 14-way ergoComfort seats, which are standard on the R-Line Tech, with electric adjustment for the seat height, seat length, seat cushion angle, backrest angle and 4-way electrically adjustable lumbar support – seen here in luxurious optional ‘Savona’ leather upholstery. Alternatively, the option of Active front climate seats offer a choice of three separate ventilation settings and eight individual pneumatic massage settings for the driver and front seat passenger.

The ‘Matt Black’ centre console features ‘Silver’ decorative inlay, while the leather trimmed multifunction steering wheel and gear knob are finished with ‘Gloss Black’ inlay and aluminium trim, giving the cabin a sporty elegance.

# Unmistakable style.

There's no mistaking the new Touareg SEL's clean contours, dynamic proportions and assertive confidence. Incisive bodylines and a long bonnet create a strong silhouette, dominated by the front grille that blends harmoniously into the full LED headlights including LED static cornering lights, with chrome strips extending out from the central Volkswagen roundel over the headlights. 19 inch 'Osorno' alloy wheels, stainless steel load sill and door sill protectors and black anodised roof rails complete the exterior look. The rear design is powerful, with sculpted shoulders with broad rear LED tail light clusters and black grained rear diffuser with chrome trapezoid exhaust tailpipes, left and right underlining its progressive look. Perfect aesthetics combine with an athletic body to create an SUV with real personality.

The chrome trimmed lower edge of door, extending onto sills underline the elegant appearance of the new Touareg.

Model shown is new Touareg SEL with optional 21" 'Suzuka' Dark Graphite diamond-turned alloy wheels, air suspension with rear axle steering, 'IQ. Light' LED matrix headlights, headlight washers and ultra metallic paint.

# Individuality made to measure, so designed exclusively for you.

There's no need to adapt to the new Touareg. This car will adapt to you, thanks to Volkswagen's widest ever range of customised systems and programmes, connected and controlled via the digital interface and multifunction steering wheel. An impressive range of standard specification ensures you enjoy aesthetics, comfort and style tailored to your personal taste. For example, white ambient lighting in the front footwell, door sill protectors, light strips below the trim in the doors and dashboard, heated 'Vienna Black' leather upholstery, Discover Navigation Pro infotainment system, climate control - 2Zone electronic air conditioning, keyless start and 'Matt Black' centre console with 'Silver' decorative inlays all help ensure your car is exactly how you want it.

Interior shown is new Touareg SEL with front ergoComfort seats and electric 14-way adjustment in optional 'Savona' leather upholstery and Active front climate seats, ensuring every journey is a comfortable and relaxing experience.

# Exclusive R-Line design and styling. Inside and out.

By design, the new Touareg R-Line could not be better equipped, both inside and out, to handle whatever lies ahead. Numerous exterior features emphasise its dynamic character, from the distinctive 20 inch 'Braga' Dark Graphite diamond-turned alloy wheels, 'C' signature 'Gloss Black' front air intake and 'R-Line' exterior styling pack with specially designed front and rear bumpers, body-coloured wheel arch protection, side skirts, and 'R-Line' badging on the front panels and front grille. The exterior styling is completed with 80% rear tinted heat insulating glass from B-pillar backwards, silver anodised roof rails and the sporty 'Gloss Black' rear diffuser. The 'R-Line' styling ensures a dynamic exterior that delivers the highest levels of style and individuality.

01 The stunning 20 inch 'Nevada' Black diamond-turned alloy wheels add a unique finishing touch to the new Touareg R-Line Tech. Image shown features optional headlight washers and premium signature paint.

02 The unique 'R-Line' badging on the radiator grille sets yet another sporty accent and underlines the striking exterior design of the new Touareg R-Line. Image shown features optional 'IQ. Light' LED matrix headlights, headlight washers and premium signature paint.

Model shown is new Touareg R-Line with optional 'IQ. Light' LED matrix headlights, headlight washers and premium signature paint.

## R-Line styling. Strong, powerful and self-assured.

As soon as you sit inside the new Touareg R-Line, you'll appreciate the attention to detail and quality materials and finishes. Exclusive 'R-Line' styling includes a leather trimmed multifunction heated steering wheel with 'R-Line' logo, stainless steel pedals and uniquely designed 'Silver Wave' aluminium decorative inlays. Optional front ergoComfort seats with 14-way adjustment can be specified in 'Savona' or 'Vienna' leather<sup>1</sup>, featuring the distinctive 'R-Line' logo on the seat backrests and decorative stitching, while 'Soul' black rooflining and 'R-Line' stainless steel front door sill protectors provide the finishing touches. Interior features include four USB connectors, a storage compartment in the front centre console for wireless smartphone charging<sup>2</sup>, climate control – 4Zone electronic air conditioning and automatic electric opening rear tailgate.

Creating an impressive welcome and hinting at the 'R-Line' interior styling to come are the **door sills in stainless steel with 'R-Line' logo** for driver and front passenger doors. Image shown features optional premium signature paint.

<sup>1</sup> Some parts of leather interior will contain artificial leather.  
<sup>2</sup> Only operable in conjunction with compatible inductive charge enabled services smartphones.  
Please see [www.qi-wirelesscharging.net](http://www.qi-wirelesscharging.net) to check smartphone compatibility.

# Multimedia.

Welcome to the driver's seat of the future. The new Touareg is the most technically advanced Volkswagen of its era, equipped with pioneering multimedia technology. The Innovision Cockpit and ground-breaking Discover Premium infotainment system make their debut in this technologically advanced interior, providing the very latest in digital communication, with a permanently installed eSIM card ensuring up-to-the-minute connectivity for all your multimedia needs.

01

**01-02** You can **customise your home screen** with your favourite apps and photos, use Car-Net to see your compatible smartphone apps and even let passengers select the infotainment while you drive. The versatile and customisable Discover Premium infotainment system allows you to control and view multiple functions on the same 15 inch touch-screen display. Add your favourite apps and photos, display your smartphone apps or make use of Car-Net services while following route guidance from the navigation function. Your passengers are even capable of controlling certain functions from their smartphone or tablet should they wish. Your individual settings can be saved in 'personal profiles' and recalled at any time. The Innovision Cockpit is standard on R-Line Tech and optional on SEL and R-Line models.

02

**01** The **Discover Navigation Pro touch-screen infotainment system** features a glass-covered 9.2 inch colour touch-screen for navigation and radio functions. It responds to spoken voice commands for navigation and telephone functions, and also features gesture control for use with various different menus, responding to swiping gestures and confirming a successful swipe with a sound effect which can be deactivated if required. Equipped with a 64 GB SSD hard drive, the system offers Volkswagen Media Control<sup>1</sup>, allowing remote control of the infotainment system via a smartphone or tablet, preloaded European navigation data, 3D map view, three calculated routes (Fast, Short and Eco), dynamic navigation based on TMC+, branded points of interest, Dynamic traffic sign recognition<sup>2</sup>, photo display from JPEG and PNG files and SD card reader. It comes with Car-Net 'App-Connect'<sup>3</sup>, 3-years' Car Net 'Guide and Inform Premium'<sup>4</sup>, providing online access to such information as traffic, fuel pricing, weather and news feeds; and includes online navigation software updates, enabling you to download the latest map data, and 10-years' Car-Net 'Security & Service'<sup>5</sup>. Standard on SEL and R-Line models.

**02** The **Discover Premium infotainment system** enters a new dimension to in-car entertainment with the 12 inch digital instrument display and impressive 15 inch glass-covered touch-screen display merging to form the Innovation Cockpit, a unique digital operating, information, communication and entertainment unit, providing intuitive control via touch, gesture or voice, along with maximum personalisation. Building on the already impressive Discover Navigation Pro, it also features many new additions such as the 'Business' phone interface, Connected Navigation featuring extended 3D city model display, Nav-Gen4-Routing, self-learning navigation, hybrid radio – terrestrial and internet radio, and improved mobile online services, ensuring continuous online functions even without your smartphone present. Standard on R-Line Tech and optional on SEL and R-Line models as part of the Innovation Cockpit.

02

03

04

**03** The **Head-up Display<sup>6</sup>** is projected directly onto the front windscreen in the driver's primary field of vision at the press of a button. Driving information, including current speed, navigation details and traffic data, is projected onto the windscreen and clearly displayed, helping to reduce the amount of time that the driver's eyes are averted from the road. Optional on all models.

**04** The **Innovation Cockpit** features a screen comparable to that of a laptop, with an interface you can customise just like your smartphone. It sits next to your **12 inch digital display** and is angled towards the driver, providing an ergonomically optimised display that puts everything you need within easy reach. Fully customisable, you can arrange information as you wish, zoom into the navigation maps or select 3D display, giving a clearer overview of the vehicle settings, assistance and comfort systems. The digital display forms part of the Innovation Cockpit which is standard on R-Line Tech and optional on SEL and R-Line models.

<sup>1</sup> Only operable in conjunction with compatible tablets and smartphones including iPhone 5 and above. Please see [www.volkswagen.co.uk](http://www.volkswagen.co.uk) to check compatibility.  
<sup>2</sup> Dynamic traffic sign recognition reflects national speed limits as well as temporary speed limit restrictions.  
<sup>3</sup> Only operable in conjunction with compatible smartphones including iPhone 5 and above. Display and operation of certified apps including audio and voice control (if supported by the app). Usage of certified apps only while driving. Please see [www.volkswagen.co.uk](http://www.volkswagen.co.uk) to check smartphone compatibility.  
<sup>4</sup> Car-Net 'Guide and Inform Premium' services are accessed via a compatible mobile device. Please see [www.volkswagen.co.uk](http://www.volkswagen.co.uk) for more information. The use of 'Guide and Inform Premium' services entails exchanging large volumes of data. As such, we strongly recommend that you sign-up for a flat rate data plan with your mobile network provider. After the initial 3-year Car-Net contract, an annual subscription is chargeable for the continuation of 'Guide and Inform Premium' services.  
<sup>5</sup> Use of Car-Net 'Security & Service' is governed in a separate Contract concluded online with Volkswagen. The customer has 90 days after vehicle handover to register the vehicle at [www.volkswagen.com/car-net](http://www.volkswagen.com/car-net). This will enable the customer to use Services for the full period of validity. The Emergency Call Service is already activated when the vehicle is delivered, without registration being required. Availability of Car-Net Services may vary depending on the country in question. The services are available during the agreed contractual period and may be subject to amendments during the duration of the contract. To use the free Car-Net app you will need a smartphone with iOS or Android operating system and a SIM-card with a data option. You will also need an appropriate mobile phone contract already in place or separately arranged with your mobile phone provider. Depending on your mobile tariff, sending and receiving data online may incur additional charges (e.g. roaming charges), particularly if you are using Car-Net abroad. For more information on Car-Net Security & Service, go to [www.volkswagen.com/car-net](http://www.volkswagen.com/car-net) or contact your Volkswagen retailer. For information on your mobile tariff rates, please contact your mobile phone provider.  
<sup>6</sup> Please note, use of polarised lenses may impair the visibility of the Head-up Display.

Model shown is new Touareg SEL with optional 21" 'Suzuka' Dark Graphite diamond-turned alloy wheels, air suspension with rear axle steering, 'IQ. Light' LED matrix headlights, headlight washers and metallic paint.

# Suspension and running gear.

The new Touareg is designed to provide exceptional ride comfort and, when fitted with the optional 'Off-road' pack, is at home on nearly every type of terrain. A choice of driving modes includes Sand and Gravel, giving you exceptional mobility even on unstable surfaces, while features such as the front underbody protection and larger fuel tank give you the capability to tackle even the toughest conditions wherever your travels may take you.

**01 Air suspension with rear axle steering** ensures you enjoy ultimate driving comfort on every trip, adapting the height of the car to the terrain, with a choice of Normal, Comfort, Off-road and Special Off-road driving profiles. Your new Touareg can also be raised to give you 70mm more ground clearance or lowered to make loading and unloading easier. Optional on all models. With the optional 'Off-road' pack, additional off-road driving modes include Off-road Auto, Sand, Gravel and Off-road expert. Optional on all models.

**02 Thanks to all-wheel steering**, cornering on country lanes and parking on city streets is a whole lot easier in the new Touareg. The rear wheels steer along with the front wheels, not only giving you a smaller turning circle, but also increasing driving stability, so you can drive more dynamically with increased agility.

**03 Electro-mechanical active roll stabilisation** reacts more quickly and at lower speeds than conventional stabilisers, reducing side roll and understeering. This ensures greater stability and comfort, enabling you to drive with precision and agility to enjoy sporty cornering, even on tough terrain.

Images shown are for illustration purposes only and may not necessarily reflect UK specification.

# Comfort and convenience.

With a prime elevated driving position, a cockpit ergonomically designed around the driver and an impressive range of driver assistance systems, practical innovations and advanced technology at your fingertips, you can expect exemplary levels of comfort and convenience inside the new Touareg. And of course, everything within clear sight and exactly where you need it to be.

01

02

**01 Front ergoComfort seats** ensure the optimum seating position for both driver and front passenger, with electric 14-way adjustment for seat height, seat length, seat cushion angle, backrest angle and 4-way electrically adjustable lumbar support. Further support and comfort is provided by 4-way adjustable safety-optimised front head restraints. Also included is a memory function for the driver's seat and driver's door mirror with reverse activated kerb-view adjustment on the passenger's door mirror. Memory settings for three individual profiles can be stored, then selected as required. Standard on R-Line Tech and optional on SEL and R-Line models.

**Active front climate seats** are also available as an option, which offer climate control function for centre section, backrest and side bolsters, complete with three individual ventilation settings. Optional on all models.

For the ultimate in luxury and comfort, you can also specify **Active front climate seats with massage function**. The front seats offer the choice of eight independently pneumatically controlled settings via air cushions, that will help to relax and sooth you on any journey. Optional on all models.

**02 Climate control – 4Zone electronic air conditioning with automatic air recirculation** gives independent control of the temperature and air intensity to the driver, front passenger and rear seat passengers. The system is operated intuitively via the infotainment system, with additional independent controls for rear seat passengers, located on the rear of the front centre armrest. Standard on R-Line and R-Line Tech and optional on SEL models.

Interior shown is new Touareg SEL with optional ambient lighting pack, 'Vienna' leather upholstery, memory pack, Active front climate seats, keyless entry/keyless start, rear tinted glass and metallic paint.

01

02

03

**01 Keyless entry/keyless start and full electric tailgate operation** allows you to open and start your new Touareg without taking the key out of your pocket. The automatic electric opening rear tailgate can also be closed by pressing and holding the button which features a time delay and convenient power latching function. For further convenience, providing you have the key on you, it simply takes a flick of your foot to activate the sensors under the rear of the vehicle and open the electric tailgate. Optional on all models.

**02-03** The new Touareg's generous proportions give you the flexibility to carry many combinations of both passengers and luggage with plenty of room for seating as well as stowage. The **generous boot space**, along with the modular **sliding and reclining rear seats** that split and fold in a 40:20:40 ratio, allow huge flexibility, combining comfort with functionality, whatever your activities.

**04** The effortless **power latching function** automatically closes all the new Touareg's doors completely shut when ajar. The automated closing function is particularly useful if you're in a tight parking space with limited room to the side, and ensures no force or slamming is required to completely shut the doors. Optional on all models.

04

# Driver's assistance systems.

Volkswagen is constantly developing innovative technology to help keep you safe and enhance your driving experience. Providing more assistance systems than ever before, the new Touareg is well equipped to handle unexpected traffic situations confidently and capably, and now even in the dark, thanks to the new Night vision system.

01

**01** The innovative new **Night vision system** uses infrared beams to scan an area up to 130 metres ahead, detecting thermal radiation and projecting an image onto your Digital Cockpit or optional Head-up Display. If the situation is critical, the system will warn you and precondition the brake assistance systems, helping to keep you safe when driving at night. This is especially effective if your visibility is impaired by fog or rain, enabling you to see a person or animal ahead. Optional on all models.

02

**02 Traffic Jam Assist** is a camera and radar sensor controlled warning system that helps you keep your distance in congested traffic and avoid a typical congestion type collision. Should your vehicle drift out of its lane, the system accelerates, brakes and steers as appropriate, as long as it detects the driver's hands on the wheel. Traffic Jam Assist is part of the Driver's Assistance Pack Plus, which is optional on all models.

03

**03 Front Cross Traffic Assist** uses radar technology to detect vehicles or pedestrians approaching from the side, providing invaluable assistance in the case of blind exits and junctions, where you have to 'nose out' slowly to see what's coming. Sensors monitor the area in front of your car, issuing optical and acoustic warnings of any cross traffic detected at speeds of up to 18mph. If a car outside your field of vision approaches and your Touareg moves forward at a speed of up to 6mph, the system will implement an emergency stop to avoid a collision. Front Cross Traffic Assist is part of the Driver's Assistance Pack Plus, which is optional on all models.

04

**04 Predictive Pedestrian Protection** is a camera and radar sensor controlled warning system to detect pedestrians in or on the edge of the road. Predictive Pedestrian Protection is part of the Driver's Assistance Pack Plus, which is optional on all models

**05 Emergency Assist** can help save lives in critical instances by recognising the incapacity of the driver. As soon as the system cannot detect any steering, braking or acceleration activity, it alerts the driver. If the driver remains inactive, it keeps the vehicle in its lane and initiates an emergency stop, whilst automatically activating the hazard warning lights. Adaptive Cruise Control (ACC) prevents the vehicle from colliding with the traffic ahead. Emergency Assist is part of the Driver's Assistance Pack Plus, which is optional on all models.

Images shown are for illustration purposes only and may not necessarily reflect UK specification.

05

**01 Park Assist with rear-view camera** not only makes parallel parking easier, but also helps you reverse park into a space at 90 degrees to the kerb. Using ultrasonic sensors, Park Assist will detect a parking space large enough for either bay or parallel parking. Once the vehicle is in reverse, all the driver has to do is operate the accelerator and brake, and keep a lookout, while the new Touareg steers itself into its chosen space. The rear-view camera displays the area behind your vehicle on the screen of the vehicle's infotainment system, helping you to manoeuvre into tight spaces quickly and easily. Auxiliary lines help you navigate safely into parking spaces, and thanks to the high resolution display, even small obstacles such as kerbs are visible. Standard on R-Line and R-Line Tech and optional on SEL models.

01

**02 Adaptive Cruise Control (ACC)** automatically adjusts your speed to that of the vehicle in front, ensuring you keep a specified distance. It will warn if you're approaching too fast and, in an emergency situation, generate enough braking force to reduce the severity of or prevent a collision. Includes Front Assist radar sensor controlled distance monitoring system, City emergency braking system, cruise control and speed limiter. Standard on all models.

02

**03 The Proactive occupant protection system** uses the sensors from the Electronic Stability Control (ESC) and the Front Assist traffic monitoring system to detect critical situations with elevated accident potential. If there is the possibility of a collision, it reacts by activating the hazard warning lights and at the same time all windows and sunroof are closed to just a small gap for optimal side airbag deployment. Simultaneously, the seat belt tensioners tighten the front seat belts and electrically adjustable front seats, if fitted, are aligned to enable the seat belts, head restraints and airbags to provide maximum protection. Optional on all models as part of the Driver's Assistance Pack Plus.

03

Images shown are for illustration purposes only and may not necessarily reflect UK specification.

04

**04 The Lane Assist** function helps to prevent accidents by using a camera controlled warning system to monitor the vehicle's position in relation to road markings. At 40mph or above, should Lane Assist detect your vehicle drift out of its lane, the system will take corrective action. If the maximum corrective action is not enough to keep your vehicle in its lane, or the speed drops below 40mph, the system vibrates the steering wheel to alert the driver to correct the vehicle, helping to make driving safer and more comfortable especially on motorways. Standard on all models.

05

**05 Trailer Assist including power folding towbar** helps you reverse more easily and accurately with a trailer or caravan hitched. The optical display visualises actual and possible steering angles in the instrument cluster. Reverse steering is automatic, with direction controlled via the mirror adjustment switch which acts as a joystick, while the driver controls the pedals and keeps a good look out. When not in use, the towbar can be handily retracted into the vehicle floor out of sight. Optional on all models.

06

## Protection.

**02 Reversible luggage compartment mat**  
 The luggage compartment reversible mat's finely woven upper velour surface protects the luggage compartment against dirt, while its plastic studs on the underside prevent cargo from sliding. In addition, the plastic loading sill protection protects the bumper against damage.  
 Part number: 760 061 210

**03 Luggage compartment tray**  
 The practical and extremely robust Volkswagen Genuine luggage compartment tray protects the luggage area against dirt and prevents items from sliding around. The plastic tray fits perfectly and is washable and acid-resistant. The surrounding raised rim of approx. 4 cm prevents liquids running out onto the vehicle floor.  
 Part number: 760 061 161

**04 Front mudflaps – set of two**  
 Long lasting and durable, the Volkswagen Genuine mudflaps effectively protect the underbody and bumpers against excessive dirt. They also significantly reduce the impact of dangerous road chippings and water spray.  
 Part number: 760 075 111

**05 Rear mudflaps – set of two**  
 Part number: 760 075 101

**06 Front rubber floor mats – set of two**  
 Protecting your vehicle interior against dirt and moisture, rubber mats are designed to fit perfectly, are easy to clean and have a non-slip underside.  
 Part number: 762 061 502 82 V

**Rear rubber floor mats – set of two (not shown)**  
 Part number: 760 061 512 82 V

## Travel and transport.

### 01 Bicycle holder

Safely transport bicycles on the roof of your vehicle. The wheel rails are aerodynamically designed, and ensure the bicycle is correctly positioned. They enable you to use both hands to fix the wheels and frame. Thanks to the quick-fastening system, the bicycle holder is easy to fit onto the roof bars, without using any tools. The carrier also includes anti-theft protection. Suitable for maximum down tube widths of 80mm, bike weights of up to 20kg.

Part number: 000 071 128 F

### 02 Load bars

Have a lot more fun when you arrive by throwing a lot more up top before you depart. These city crash-tested roof bars are essential when you want to fit a ski and snowboard holder, a bicycle holder, a useful roof box and more besides.

Part number: 760 071 151

### 03 Compact III towbar mounted bicycle carrier

This clever carrier uses a super-simple quick release system to fit to your towing hitch, enabling you to transport three bicycles with a max weight of 54kg. It is the smallest, lightest and most compact in its class for the towing hitch and even with bicycles attached, accessing the boot is easy with the newly developed foot switch. Its anti-theft locking device makes life difficult for thieves and when you don't need it, it folds up into its carry bag – locking automatically – to neatly fit in your spare wheel well. Maximum bicycle wheelbase 125cm.

Part number: 3C2 071 105 A

### 04 Electrically swivelling towbar including electrical kit\*

If you prefer to keep your options open, our electrically swivelling towbar has all the practicalities. It's got full integration into the vehicle's CAN-bus network and all electrical components including trailer stabilisation system support, switching to stand-by current and the adjustment of all the vehicle's assistance systems, it also swivels so it can be moved behind the bumper.

Part number: 760 092 160

### 05 Detachable towbar including 13-pin electrical installation kit\* (not shown)

Enhance your vehicle's transport capabilities with the Volkswagen Genuine detachable towing hitch and matching Volkswagen Genuine electrical installation kit. The towing hitch facilitates safe operation of trailers and carrier systems. The Volkswagen Genuine electrical installation kit (13-pin) guarantees the electrical supply and also safe trailer usage. The built-in group control unit is integrated into the vehicle's CAN bus and its features include support for car-trailer stabilisation.

Part number: 760 092 150

\* These products will be available to order late 2018.

### 01 Running boards

Integrated running boards enhance the Touareg's unique SUV character, and make roof loading easier. With anti-slip inserts they also offer a safe entry into the vehicle, especially for children. Manufactured from silver anodised aluminium, they have a 200kg per step carrying capacity and are compatible with mud flaps as well as unrestricted use of a car jack.

Part number: 761 071 691

### 02 Rear chrome strip

Protective strip for the lower edge of the rear tailgate. It not only enhances the appearance of the vehicle with its chrome look effect, it also acts as an edge protector.

Part number: 760 071 360

Models shown features optional metallic paint.

## Styling and technology.

### 03 Vodafone Protect & Connect S5-VTS – GPS Tracker including 1 year subscription

Key features:

- Thatcham S5 Stolen Vehicle Tracking System
- Easy registration process with 1 year subscription included
- Special modes (selectable by the customer) allow alert functionality to be sent to the Vodafone Automotive Secure Operating Centre.
- Tamper alert (e.g. vehicle battery disconnect during a service).
- Tow-away alert (e.g. if the vehicle is travelling on a ferry).
- GSM Jamming alert.
- Real-time vehicle location tracking through App and web.
- Set a defined geofence area for vehicles entering or leaving an area and receive an in-App message.
- Vehicle can be tracked by the Vodafone Automotive Secure Operating Centres in 49 countries worldwide if stolen.
- Built-in led for auto-diagnosis.

Fully fitted. Part number: ZGB 000 054 208

Noise, dB	TBA	TBA

- 01) The maximum power output figures are quoted in PS (or Pferdestärke, which is the metric equivalent of horsepower). To convert from metric to imperial horsepower, divide the PS figure by 1.0139.
- 02) Figures are calculated in accordance with manufacturer's criteria. The individual unladen weight depends on the specification of the vehicle, this then reduces the possible payload accordingly. The unladen weight and payload both include the fuel tank 90% full, driver (68kg) and luggage (7kg) in line with EU directive 95/48.
- 03) With increasing altitude the engine performance diminishes. From 1,000m above sea level and for every 1,000m thereafter 10% of the vehicle/trailer weight (trailer weight + gross vehicle weight) must be deducted.
- 04) The use of 100% RME and FAME (bio diesel) is not possible. Forecourt diesel with up to 7% bio diesel content, adhering to standard BS EN 590, can be used in diesel engines.
- 05) The size of the fuel tank is approximate and therefore it may be possible to add a greater amount of fuel than the size of the tank specified, due to the space in the filler neck.
- 06) These vehicles are WLTP (Worldwide Harmonised Light-Duty Vehicles Test Procedure) type approved vehicles. More information is available at [www.volkswagen.co.uk/owners/wltp](http://www.volkswagen.co.uk/owners/wltp). Fuel consumption and CO<sub>2</sub> emissions figures are obtained under standardised EU test conditions (or, in cases of vehicles with WLTP type approval, are the NEDC figures provided pursuant to Government guidance until further notice). These figures facilitate direct comparison between different models from different manufacturers, but may not represent the actual fuel consumption achieved in 'real world' driving conditions. More information is available at [www.volkswagen.co.uk/owners/wltp](http://www.volkswagen.co.uk/owners/wltp).

SCR (Selective Catalytic Reduction) requires AdBlue®, please see page 50 or visit [www.volkswagen.co.uk/technology/adblue](http://www.volkswagen.co.uk/technology/adblue) for more details.

Models shown are new Touareg SEL with optional 21" 'Suzuka' Dark Graphite diamond-turned alloy wheels, air suspension with rear axle steering, 'IQ. Light' LED matrix headlights, headlight washers and metallic paint and new Touareg SEL with optional 21" 'Suzuka' Dark Graphite diamond-turned alloy wheels, air suspension with rear axle steering, 'IQ. Light' LED matrix headlights, headlight washers and ultra metallic paint.

# Dimensions.

Wheelbase, mm	2904
Front track width – min./max., mm	1653/1669
Rear track width – min./max., mm	1669/1685
Turning circle, m	12.19

## Interior dimensions

Effective headroom – front, mm (with sunroof)	1049 (1049)
Effective headroom – rear, mm	990
Interior width – front, mm	1584
Interior width – rear, mm	1547

## Maximum luggage capacity, litres VDA measuring method using

<b>200 x 100 x 50mm blocks</b>	
With rear seats upright	810
With rear seats folded	1800

## Off-road capabilities

Ground clearance – unladen, mm	215 (190)
Ground clearance – fully laden, mm	TBA
Ramp angle in degrees	13.5
Approach angle in degrees	23.3
Departure angle in degrees	17.2
Maximum gradient climbing angle in degrees	60
Traverse angle in degrees	35
Wading depth, mm	500 (580)

Figures shown are for standard specification models. The addition of certain factory-fitted options and/or accessories may affect some of the dimensions shown. Off-road capability figures may vary by model, load level and type of suspension, as well as equipment, tyres and terrain. Please consult your authorised Volkswagen retailer, or visit [www.volkswagen.co.uk](http://www.volkswagen.co.uk) for more details.

( ) Optional air suspension.

All figures in millimetres. On illustrations, where arrows and figures are shown inside of the vehicle, the measurements are for interior dimensions. Where arrows and figures are shown outside of the vehicle, the measurements are for exterior dimensions.

Model shown is new Touareg SEL with optional 21" 'Suzuka' Dark Graphite diamond-turned alloy wheels, air suspension with rear axle steering, 'IQ. Light' LED matrix headlights, headlight washers and metallic paint.

# AdBlue®.

Your Volkswagen car is fitted with an advanced emissions control system, which helps your vehicle meet EURO 6 exhaust gas regulations.

## How does the system work?

AdBlue®, a water/urea based additive, is stored in a tank (like diesel fuel), however, unlike fuel it is not injected into the engine, but directly into a specially modified part of the vehicle's exhaust. This begins a chemical reaction which removes the polluting oxides of nitrogen (NOx), converting them into harmless oxygen and nitrogen in a process known as Selective Catalytic Reduction, or SCR for short. SCR is only applicable to diesel engines and the more economically you drive, typically, the less AdBlue® you will use.

The size of the AdBlue® tank fitted to your car will vary depending on which Volkswagen model you have, therefore the interval between top-ups will vary. In addition, many factors such as mileage, journey type, driving style and environmental conditions can influence how much AdBlue® is consumed. A passenger car can consume approximately 1.5 litres of AdBlue® every 620 miles (1.0–1.5 litres for the Passat and Passat Estate). The chart below details the AdBlue® tank size and location.

Model (SCR derivatives only)	Tank size (Approximately)	AdBlue® tank filler location	Initial warning of low AdBlue® (2,400km/1,500 miles to go) can be expected to occur at:
Touareg	12 litres	Behind the fuel filling flap	6,000 to 7,000 miles or sooner*

\* Distances are approximate and the warning light may come on sooner depending on driving style, journey type, engine and vehicle load and environmental conditions.

## How will I know if the system needs topping-up?

A series of warnings will be given via the driver information system, accompanied by advice/messages.

The first message is displayed when the remaining range is approximately 1,500 miles, and is repeated every 62 miles until the range reaches 1,000 miles, at which point the warning turns amber. This warning is repeated every 31 miles and is accompanied by an audible tone. If these warnings are not acted upon, the warning turns red; once this happens the car will not restart once the ignition is turned off. This is not a fault, but a required feature of the system. If this stage is reached the system will need a full top-up before the car can be restarted. Further information is available in the vehicle handbook.

## Why should I use a Volkswagen Authorised repairer for top-ups?

- AdBlue® top-ups at authorised repairers are extremely competitive and charged by the litre, so you only pay for what you need
- Authorised repairer staff are trained to handle AdBlue®
- AdBlue® tanks need special adaptors on fillers to ensure there are no spillages
- Volkswagen do not recommend keeping top-up bottles in cars

The top-up bottles supplied by Volkswagen have a capacity of 1.89 litres, and come complete with the adaptor nozzles that fit the Volkswagen AdBlue® tank. These are available from all Volkswagen Authorised repairers.

AdBlue® warning lights.

## Important information

- AdBlue® is not a fuel additive. This is why there is a separate AdBlue® tank
- If you put AdBlue® in your fuel tank by mistake, please do not start the engine, but contact a retailer for help
- Put only AdBlue® in the AdBlue® tank; do not fill the AdBlue® tank with any other liquids
- Prevent anything from contaminating AdBlue®
- If small quantities of AdBlue® come into contact with the vehicle's paintwork, for example, wipe them off and if necessary rinse the area with water

# CO<sub>2</sub> emissions, BIK% and VED bands with optional wheels.

## Effect of wheel size on CO<sub>2</sub> emissions, BIK% and VED Bands

Choosing alternative alloy wheels than standard, as an option, may result in different fuel consumption as well as different CO<sub>2</sub> emissions and subsequently an alternative Vehicle Excise Duty (VED) band, while BIK rates paid by company car drivers may differ. This is due to the fact that different wheels have both alternative aerodynamic drag and mechanical drag, resulting in different rolling resistance and wind resistance. As a result, the VED band that the vehicle falls into may differ from its original VED band when fitted with standard size wheels. In some instances, the recommended 'On the road' retail price paid for the vehicle may change as a result of the change in VED rate. The chart below shows CO<sub>2</sub> emissions and the related VED bands for vehicles with both standard-fit wheels and larger optional alloy wheels, as well as the different cost payable due to a change in VED band if applicable.

			Output, PS	Standard wheel size	CO <sub>2</sub> emission, g/km <sup>1</sup> , standard wheels	First year VED £, standard wheels	BIK % with standard wheel size <sup>2</sup>	Optional alloy wheel and size	CO <sub>2</sub> emission, g/km <sup>1</sup> , optional alloy wheels	First year VED £, optional wheels	BIK % with optional wheel size <sup>2</sup>

More information is available at [www.volkswagen.co.uk/owners/wltp](http://www.volkswagen.co.uk/owners/wltp).

2 The BIK % figure quoted includes the 4% diesel supplement, where applicable. Please note: the increase in VED and BIK rate that is payable is in addition to the cost of the optional alloy wheels. Please consult your Volkswagen retailer for full details.

SCR (Selective Catalytic Reduction) requires AdBlue®, please see page 50 or visit [www.volkswagen.co.uk/technology/adblue](http://www.volkswagen.co.uk/technology/adblue) for more details.

# Volkswagen service.

**Exclusions and terms and conditions apply to all warranties and plans listed. For pricing and further details of Volkswagen Warranties and Service Plans, please consult your authorised Volkswagen retailer or repairer, or visit [www.volkswagen.co.uk](http://www.volkswagen.co.uk)**

## The Volkswagen Warranty

### Three-year Warranty

All Volkswagen passenger cars come with a three-year/60,000 miles warranty, which protects your car against the failure of most technical and electrical components due to manufacturing defects. This comprises a two-year manufacturer's warranty with unlimited mileage plus a further one-year/60,000 miles (whichever is soonest) Retailer Warranty<sup>1</sup>. Should the mileage exceed 60,000 miles within the first two years, the manufacturer's two-year warranty will still be valid. Full details of the three-year warranty are available from your authorised Volkswagen retailer or repairer.

## Body Protection Warranty

The internal body sections and panels of the Touareg are covered against rusting through from the inside for 12 years. Naturally, the vehicle must be cared for in compliance with the manufacturer's operating instructions. Please consult your authorised Volkswagen retailer or repairer for full warranty details.

## Three-year Paintwork Warranty

This latest paintwork warranty, pioneered by Volkswagen, provides you with cover on a new car. Naturally, during the warranty period the car must be cared for in compliance with the manufacturer's operating instructions. Any paintwork defects, as a result of the manufacturing process, will be rectified without charge.

## Approved Accessories

A comprehensive range of accessories from alloy wheels to carpet mats is available to complement the factory-fitted option list. Volkswagen approved accessories purchased from and fitted by your authorised Volkswagen retailer at the point of vehicle sale will also benefit from the three-year vehicle warranty.

## Service Intervals

Volkswagen is pleased to offer you a choice on how your Volkswagen is serviced. The appropriate selection is entirely dependent on how the car is likely to be driven and its general use. To help you identify which type of service would be most suitable, please refer to the following guide.

The Fixed Service is recommended for vehicles that will cover less than 10,000 miles in 12 months and if the vehicle is likely to be used in the following way:

- Predominantly urban driving, short journeys with frequent cold starts.
- Activities regularly producing high engine loading, e.g. frequent hill climbs, driving with vehicle fully loaded and towing.
- Uneconomical driving style using high rpms with heavy acceleration and heavy braking.

The service intervals for the Fixed Service are as follows:

- Oil change service – After 1 year or 10,000 miles (15,000km), whichever is soonest.
- Inspection service<sup>2</sup> – First after 2 years or 20,000 miles (30,000km), then every one year or 20,000 miles (30,000km), whichever is soonest.

The Flexible Service is recommended for vehicles with daily mileage of more than 25 miles where the vehicle is driven regularly mainly on longer distance journeys. The vehicle is driven mainly at a constant speed with minimum vehicle and engine loading, minimal towing and driven in an economical manner. With the Flexible Service the vehicle can cover anywhere between 10,000<sup>3</sup> and a maximum of 20,000<sup>3</sup> miles or 24 months (whichever is soonest) between oil changes.

The service intervals for the Flexible Service are as follows:

- Oil change service – According to flexible service interval display (after 2 years at the latest).
- Inspection service<sup>2</sup> – First after 2 years or 20,000 miles (30,000km), then every one year or 20,000 miles (30,000km), whichever is soonest.

The up! model is only available with the Fixed Service schedule. Please consult your authorised Volkswagen retailer or repairer for advice and full details.

Please note: If you purchase a Volkswagen Fixed Price Service Plan your vehicle will follow the Fixed Service schedule.

## Volkswagen Insurance<sup>4</sup>

We want you to start enjoying your new car from day one, and thanks to our 5 day complimentary Volkswagen Drive Away Insurance you can. Call 0345 300 6119 (lines are open Monday to Friday 8am-8pm and Saturday 9am-5pm). If eligible, we will also give you a quotation for our annual insurance, designed specifically for Volkswagen drivers.

<sup>1</sup> All warranty work must be completed by an authorised Volkswagen retailer or repairer.  
<sup>2</sup> The inspection service first at 3 years (or 40,000 miles) and then every second year (or 40,000 miles) has additional workscope.  
<sup>3</sup> The quoted mileage is based on a conversion from kilometres and is therefore unlikely to exceed circa 18,000 miles between oil changes.  
<sup>4</sup> Volkswagen Car Insurance is underwritten by U K Insurance Limited. Registered Office: The Wharf, Neville Street, Leeds LS1 4AZ. Registered in England and Wales number: 1179980. U K Insurance Limited is authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority (FCA) and the Prudential Regulation Authority. Calls may be recorded. Volkswagen Financial Services is a trading name of Volkswagen Financial Services (UK) Limited ('VWFS UK'), registered in England and Wales number: 2835230 (Registered Office: Brunswick Court, Yeomans Drive, Blakelands, Milton Keynes MK14 5LR). Volkswagen Insurance Service (Great Britain) Ltd. is an appointed representative of VWFS UK. VWFS UK is authorised and regulated by the FCA, registration number: 311988. Authorisation details for both organisations can be checked on the Financial Services Register by visiting [www.fca.org.uk](http://www.fca.org.uk). VWFS UK and U K Insurance Limited are not part of the same corporate group.

## Volkswagen Ensurance<sup>5</sup>

Get three years' Volkswagen Ensurance cover for free.

Another great benefit of being a Volkswagen driver. If your Volkswagen was damaged in an accident, wouldn't you want it fixed by a Volkswagen trained technician using only genuine Volkswagen parts? Ensurance is Volkswagen's accident and repair cover which does exactly that. It works alongside your main comprehensive motor insurance policy no matter who you are insured with, to make sure you get the quality repair and service you would want. If you're involved in an accident or your car is stolen, just one call to us and we'll look after your claim from start to finish ensuring your Volkswagen is restored to the highest standard.

Activate your cover and benefit from:

- A guarantee that your Volkswagen will be repaired by a Volkswagen approved repairer and Volkswagen trained technicians, using only genuine Volkswagen parts and paints.
- A dedicated Claims Manager who will manage your claim from start to finish, liaising with your insurer and the repairer so you don't have to.
- Help to recover any uninsured losses using our Legal Expenses Cover.
- Online claims tracking so you can keep up to date with the status of any claim.

Volkswagen Ensurance is free to all Volkswagen customers for three years and it only takes a minute to get cover. To find out more and to activate your cover, visit [www.volkswagen-ensurance.co.uk](http://www.volkswagen-ensurance.co.uk)

## Volkswagen Finance<sup>6</sup>

Volkswagen Finance specialises in providing funding solutions for Volkswagen drivers. Whether your Volkswagen is for private or business use, you can choose from a range of funding options.

- Solutions – a Personal Contract Plan
- Hire purchase
- Lease purchase
- Finance lease
- Contract hire

With all Volkswagen Finance products you can choose a fixed-cost maintenance plan to help you budget for your servicing and maintenance costs. No matter what finance product you choose, your local Volkswagen retailer will be able to provide you with a personalised quote that could meet your budget and vehicle needs.

## Fuel consumption and CO<sub>2</sub> Emissions

Fuel consumption and CO<sub>2</sub> figures are obtained under standardised EU test conditions (Directive 93/116/EEC). This allows a direct comparison between different manufacturer models but may not represent the actual fuel consumption achieved in 'real world' driving conditions. More information is available on the Volkswagen website at [www.volkswagen.co.uk](http://www.volkswagen.co.uk) and at [www.dft.gov.uk/vca](http://www.dft.gov.uk/vca). The weight of a vehicle will influence the level of CO<sub>2</sub> emissions it produces; as a result, vehicles with higher levels of specification and factory-fitted options may emit higher levels of CO<sub>2</sub>. Choosing larger alloy wheels than those fitted as standard may result in increased fuel consumption as well as higher CO<sub>2</sub> emissions and subsequently an increased Vehicle Excise Duty (VED) band. BIK rates paid by company car drivers may also increase. In some instances, the recommended 'On the road' retail price paid for a vehicle may increase as a result of the increased VED rate. CO<sub>2</sub> is the main greenhouse gas responsible for global warming. The specifications contained in this brochure are for information purposes only and are subject to change.

## AdBlue<sup>®</sup>

Diesel engines with SCR (Selective Catalytic Reduction) technology require AdBlue<sup>®</sup> which must be kept topped up. Please see page 50 or visit [www.volkswagen.co.uk/technology/adblue](http://www.volkswagen.co.uk/technology/adblue) for more details.

## Volkswagen Roadside Assistance

Every new car is registered for Volkswagen Roadside Assistance for one year except the Touareg which is registered for three years. This provides vehicle roadside and home recovery in the unlikely event of a breakdown in the UK and Europe (subject to conditions). Volkswagen Roadside Assistance can also be purchased for subsequent years.

**Exclusions and terms and conditions apply. For pricing and further details of Volkswagen Roadside Assistance, please consult your authorised Volkswagen retailer, or visit [www.volkswagen.co.uk](http://www.volkswagen.co.uk)**

## Tax Free Sales

For full details, please contact your authorised Volkswagen retailer.

## Please note:

Some illustrations in this brochure do not necessarily reflect UK specifications and may not be available. In particular, controls and some items of equipment are positioned differently for the UK. The specifications contained in this brochure are for information purposes only and are subject to change. If you require any specific feature, you must consult your authorised Volkswagen retailer who is regularly updated with any change in specification. Please check model availability and full specification details with your authorised Volkswagen retailer prior to ordering. Note: we would like to advise you that telephone calls to Volkswagen Customer Care may be monitored and recorded as part of our training and quality assurance processes. All our monitoring and recording processes meet OfTel regulations.
